

South Jersey Golf League

League Play

Everybody will play once a month with 1 or more players from the group (Can not play by yourself). The goal of this league is to play different courses with some different golfers in a fun and somewhat competitive way. Each month you will be awarded points based off of your score. At the end of the season you will be given awarded a stroke bonus in the Championship based off of your regular season performance (Think Fed Ex Championship with a handicap).

You will have 1 month to play the required course to make it flexible for everyone. All money will be handled with Venmo to Tyler Moser @T-Moser41. Cost will be \$120 for the season with financial prizes given out at the end of the year. You will also be required to Venmo Tyler each month that you play \$20 as part of our skins competition.

You must download the Golf app called Leaderboard. All scores are recorded here. You will upload your score here and it will be put in our database. We operate on a rolling handicap in addition to see who wins any of the skins. The skins are non handicapped.

Our Handicap system will progress throughout the season. It will start as 0 handicap. A change for this season is the handicap will only be $\frac{3}{4}$ of your score over par. If you shoot 20 over par your handicap for the next week will be 15. It builds throughout the season like this.

The League setup

We will have two leagues that compete within their own league each month. They will have individual payouts and standings separate from each other (Think AL/NL Baseball before inter-league started). We are undecided if the team competition will be the entire league or 2 separate leagues, PGA and LIV which will be randomly assigned. The main reason for the separation is to make skins more accessible to everyone.

March Pitman Country Club

Everybody starts at a 0 handicap (Best Score wins the points)

April Ballamor Country Club

Your Handicap is subtracted from previous months score from par (you shot a 91 and par was a 72, your handicap is a 15 ($20 \times .75 = 15$))

May Glen Mills County Club

Your Handicap is the average of your first 2 rounds. $91 + 83 = 32$ over par, your handicap is now 12

June Golden Pheasant CC

This will be a team event and we will not take into account your handicap, but it will count towards your overall handicap. There will be 4 teams. We will randomly draw the teams by every 4th handicap. Think of Champions league draw for soccer. You will basically play against that group you are drawn in. You will be given points for your individual play as well as how your team performs overall. If 200 points are awarded for each tournament and you finish 1st in your group but the team finishes 3rd you will be awarded 150 total points. Each group will award 100 points for first, 75 points for 2nd, 50 points for 3rd and 25 points for 4th. You will also be awarded the same amount of points for as the group standings. **Team names Woods, Nicklaus, Palmer, Daly, Snead and Jones**

July Valleybrook

Your Handicap is the average of your first 4 rounds (Total over par divided by 4 then multiplied by .75)

We will continue with your handicap through the season, but only with your 5 best scores over par. If you have a couple bad rounds they will eventually fall off of your handicap. You must play in 5 tournament to qualify for the Championship round

August Pinelands Major

This month will be a Major and the winner will receive the green jacket. The points awarded will also be increased by 50%. If 200 points is the normal winning points it will be 300 instead this month.

September Running Deer

Normal Tournament with your best 5 scores counting as your Handicap

October Town & Country

Normal Tournament with your best 5 scores counting as your Handicap

Championship November Riverwinds: Assuming 20 Golfers

If you finish in top 4 you receive a 4 stroke bonus off your handicap

If you finish in top 5-8 you receive a 3 stroke bonus off your handicap

If you finish in top 9-12 you receive a 2 stroke bonus off your handicap

If you finish in top 13-16 you receive a 1 stroke bonus off your handicap

If you finish in top 17-20 you receive a 0 stroke bonus off your handicap

We realize trying to get everyone to play in one day together is a lot easier said than done. You will have the entire month to play. Obviously trying to make sure it is nice the day you choose to play. It does start getting colder in November, but there is still days to get out and play and enjoy yourself. We are hoping to have a trophy for the winner of this tournament 🏆.

Scoring during the season:

1 st Place: 300	7 th Place: 240	13 th Place 180	19 th Place 120
2 nd Place: 290	8 th Place: 230	14 th Place 170	20 th Place 110
3 rd Place: 280	9 th Place: 220	15 th Place 160	21 st -30 th –
4 th Place: 270	10 th Place: 210	16 th Place 150	goes down by
5 th Place: 260	11 th Place: 200	17 th Place 140	10 point
6 th Place: 250	12 th Place: 190	18 th Place 130	increments

Points will be awarded up each month and used to track end of year standings. 20% of total money will be awarded to end of season standings in each league

Payouts for Winning (Assuming 60 players)

40% of winning will go towards the top 5 in each league of the regular season standings

1st Place (8%) Each League

2nd Place (6%) Each League

3rd Place (3%) Each League

4th Place (2%) Each League

5th Place (1%) Each League

60% of winnings will go towards the top 10 of the Championship Combined Leagues

Champion (20%)

2nd Place (10%)

3rd Place (8%)

4th Place (7%)

5th Place (5%)

6th Place (3%)

7th Place (2%)

8th Place (2%)

9th Place (2%)

10th Place (1%)

Money will be pulled out of the prize money for awards including Trophy, Jackets, Mug Cup, as well as operating costs. We will have a final prize money announced after the first month.

Each Month will pay out top 2 in each league with handicap from the league money. \$50 for first in each league and \$25 for second place.

Monthly Skins Game

We will have a monthly skins game as well. This is a modified skins game and since there will be 12 people playing it will be difficult to win as you must win a hole outright among the 12 players to claim the money. If \$240 is in the pot each month and you are the only golfer to win a hole outright you will win all \$240. If 2 players win a hole outright, they split the \$240 prize. If nobody wins a hole outright that month the money will roll over to next month making the pool money \$480 that month. Money will be paid out via Venmo from Mark Jaep.

This is meant to be fun and we know cheating/playing poorly for a better handicap is tempting, but we believe you will play to the best of your abilities throughout the season. The limit on each hole is 10. No Mulligans, play it as it lies and we all play from the white tees on most courses is we need to modify anything we will let you know. If a ball is on roots or rocks that are

in play please move it to a safe spot that won't damage your clubs. Have fun and play by the rules!

Basic Rules

- Play from the middle (White Tees) Unless otherwise noted.
- Play the ball where it lies.
- If ball is on a root or on stone please drop your ball where it isn't but please don't take liberties, if you didn't have a shot at the green please don't adjust it so that you do by going backwards.
- Max score is a 10 on any hole.
- If there is a drop zone please use it if needed.
- If you hit into the water or OB please use a drop at closest point from the last the ball was in bounds.
- Have Fun and don't take golf too seriously, you might not make it out alive.

Cost of Courses

Check websites for most courses

Discounted rates for our league at Valleybrook Country Club including \$65 rates and a free bucket of balls if played Monday-Thursday
